MS. KATIE- MATH

Common Core State Standards

CCSS.MATH.CONTENT.5.OA.A.1

Use parentheses, brackets, or braces in numerical expressions, and evaluate expressions with these symbols.

CCSS.MATH.CONTENT.5.OA.A.2

Write simple expressions that record calculations with numbers, and interpret numerical expressions without evaluating them. For example, express the calculation "add 8 and 7, then multiply by 2" as $2 \times (8 + 7)$. Recognize that $3 \times (18932 + 921)$ is three times as large as 18932 + 921, without having to calculate the indicated sum or product.

In-class Graded Assignments

- Participation
- Participation in building the classroom community

Homework Graded Assignments

 Conceptualizing math

Due Monday 8/18

Objectives and Validation

• **Objective:** Students will be able to collaborate in group discussions about building a positive classroom community.

Measure: Contribution to group discussions.

• **Objective:** Students will be able to complete the "conceptualizing math" assignment.

Measure: Completion of assignment

Mini-Lesson Topics

Math	
Conceptualization	
Parentheses	
Manipulatives	
Expressions
