MS. KATIE- MATH

HONORS ACADEMY OF LITERATURE

Common Core State Standards

CCSS.MATH.CONTENT.5.OA.A.1

Use parentheses, brackets, or braces in numerical expressions, and evaluate expressions with these symbols.

CCSS.MATH.CONTENT.5.OA.A.2

Write simple expressions that record calculations with numbers, and interpret numerical expressions without evaluating them. For example, express the calculation "add 8 and 7, then multiply by 2" as $2 \times (8 + 7)$. Recognize that $3 \times (18932 + 921)$ is three times as large as 18932 + 921, without having to calculate the indicated sum or product.

Homework Graded **Assignments**

Simple expressions Poster

Due Monday 8/25

Objectives and Validation

Objective: Students will be able to collaborate in group discussions about building a positive classroom community.

Measure: Contribution to group discussions.

Objective: Students will be able to complete a poster where they can show what a simple expression looks like and how to solve one.

Measure: Completion of assignment

Mini-Lesson **Topics**

Math
Conceptualization
Parentheses
Manipulatives
Simple Expressions
