

FEBRUARY 23-FEBRUARY 27

# MS. KATIE- 5TH SCIENCE

HONORS ACADEMY OF LITERATURE

## Next Generation Science Standards

- **5-ESS2-2:** Describe and graph the amounts and percentages of water and fresh water in various reservoirs to provide evidence about the distribution of water on Earth.
- **5-ESS2-1:** Develop a model using an example to describe ways the geosphere, biosphere, hydrosphere, and/or atmosphere interact.

### In-class Graded Assignments

- **Participation**
- **Participation in Group work**

### Homework Graded Assignments

- **None**

### Objectives and Validation

- **Objective:** Students will be able to work together in their groups to complete different activities and projects.  
**Measure:** Contribution to group discussions.
- **Objective:** Students will be able to work together to learn new information about earth and its climate.  
**Measure:** Group work in class
- **Objective:** Students will be able to complete a classroom experiment and project about water and the earth's impact on it.  
**Measure:** Classwork

### Mini-Lesson Topics

Matter
Science
Reasoning
Manipulatives
Gravitational Pull
Ocean
Climate
Water Distribution

\* See your child's Developmental Education Plan for one-on-one and small group instruction
